

# Earn up to

# £250\*

## and learn to develop a better future for you and your family

**West London Academy**  
Adult Education Centre  
Bringing education to the community

Do you want to earn £250\* in vouchers and learn new and exciting skills?

**West London Academy** is introducing this new programme to help parents learn new things with their children, to understand how their children learn and develop, do better at school and improve the well-being of their family.

Eligible parents with children aged three and under will be gifted a voucher of **£50** for completion of the initial four-week action plan. Following this a further **£150** is available for eligible parents on completion of a twelve-week action plan and programme.

If a family attends a further four times during this period they will receive an additional **£50**.

Therefore each family can receive up to a maximum of **£250\***. (The payment will not effect their benefit entitlements.)

**For more information please contact the Adult Education team at the details below.**
